

NAYAK ABHISHEK SHRINIVASH

Full-Stack Web Developer

+91 7383743060 | 23amtics285@gmail.com | github.com/Abhisheknayak285 | Surat, Gujarat, India

SUMMARY

A motivated Computer Science student and aspiring Full-Stack Web Developer with a strong foundation in modern web technologies. Passionate about building interactive, scalable applications and eager to leverage academic knowledge and hands-on internship experience to solve real-world problems. Quick to learn, adaptable, and a collaborative team player committed to continuous improvement and delivering high-quality software solutions.

WORK EXPERIENCE

Intern Full-Stack Developer

Kritya Technologies Pvt. Ltd.

Jan 2026 – Apr 2026

Surat, Gujarat

- Successfully completed a comprehensive 3-month internship focused on full-stack web development.
- Collaborated with the development team to build, test, and deploy interactive and scalable web applications.
- Gained hands-on experience in frontend and backend integration to enhance user experience and application performance.

Web Developer Intern

CodeAlpha

2025

Remote

- Developed responsive web components and contributed to real-world client-facing projects.
- Built features using React, MongoDB, Express, Node.js, and Tailwind CSS, strengthening MERN stack proficiency.
- Collaborated with remote teams, improving skills in version control, code review, and agile workflows.

EDUCATION

B.Tech in Computer Science and Engineering (CSE)

Uka Tarsadia University — Asha M Tarsadia Institute of Computer Science, Bardoli, Gujarat

CGPA: 8.44

2023 – 2027

PROJECTS

AntextShare – Real-time Text Sharing Platform

Tech Stack: React, HTML5, CSS3, JavaScript, Firebase, Netlify, Git, GitHub

- Built a real-time text sharing platform enabling users to share and collaborate on content instantly across devices.
- Leveraged Firebase Realtime Database for live sync ensuring zero-latency updates for all connected users.
- Deployed on Netlify with continuous integration achieving fast global access and high availability.

AR Chats – Real-time Chat & Calling Web App

Tech Stack: React, Firebase, JavaScript, Tailwind CSS, WebRTC, EmailJS, HTML5, CSS3, Git, GitHub

- Developed a full-featured real-time chat application with direct messaging and live user status tracking.
- Integrated WebRTC for peer-to-peer voice calling and EmailJS for automated email notifications to users.
- Built an Admin Dashboard with graphical analytics to monitor platform activity and manage user reports.

File Encrypt-Decrypt Tool [GitHub] – Secure File Privacy Tool

Tech Stack: Python, Flask, HTML5, CSS3, JavaScript

- Developed a web-based file encryption and decryption tool ensuring strong data privacy and integrity.
- Implemented AES-based encryption algorithms with secure key management for reliable file protection.
- Designed a responsive Flask-rendered UI making secure file handling accessible to non-technical users.

SKILLS

Programming Languages

C, Java, Python, JavaScript, TypeScript, HTML

Frameworks & Libraries

React, Next.js, Node.js, Express, Tailwind CSS, Flask

Tools & Platforms

Git, GitHub, Postman, Docker, Vercel

Databases

MySQL, MongoDB, Firebase

Soft Skills

Teamwork, Adaptability, Time Management, Collaboration

Languages

Hindi, English
